IN RE: Request of the Office of Regulatory Staff for)	
Modification of the Class E (Household)	ORDER APPROVING
Goods) Insurance Quote Exhibit in the)	MODIFICATION TO
Application.)	TRANSPORTATION
)	APPLICATION

This matter comes before the Public Service Commission of South Carolina (the Commission) on the proposal of the Office of Regulatory Staff (ORS) for a modification of the Transportation Application form for a Class E (HHG) Certificate of Public Convenience and Necessity. Specifically, ORS proposes that this Commission modify the insurance quote document in the application to include the limits of liability.

We have examined this matter, and we hereby approve the proposed modification. We believe that the addition of limits of liability to the insurance quote would aid both the ORS and this Commission in making a determination as to whether or not an applicant is "able" to provide the desired service, as described in 26 S.C. Code Ann. Regs. 103-133(1)(b)(Supp. 2004), and, ultimately, whether an applicant has or is about to have the proper insurance coverage for the provision of services under a Class E (HHG) Certificate. The request for modification is a reasonable one; therefore, it is approved as filed.

This Order shall remain in full force and effect until further Order of the Commission.
